

DOMAINE 524 & PROPHET VINEYARD

WHAT'S HAPPENING...

MAY 2021

2020 ROSÉ IS BOTTLED!

Club Members will be receiving the just bottled 2020 Rosé along with our previously un-released 2018 Estate and the 2017 Micheline. As the picture in the winery shows, the rosé is a lovely salmon color, and has a crisp great taste. Club shipments should be available the first week of May.

A LOT OF WORK AT THE VINEYARD

The big news is that we have grafted two acres of weak producing pinot noir over to chardonnay. Starting in the Fall of 2022, we will be harvesting our own chardonnay! Not only did winter storms leave several trees down, trees chose to fall across fences, the pump house, and water tank. Spring has involved a lot of clean-up and burning.

VINEYARD LOOKS GREAT!

The vineyard is off to a wonderful start in 2021. Weather has been great, and bud break has been strong. New shoots are growing all over the vineyard. 2020 was a tough year for growing, but we are excited and looking forward to a more robust harvest in 2021. The vineyard keeps maturing and unlocking new subtleties in the wine it produces.

Please call or email with any questions about the vineyard, grafting, or any of our wines.
